

REMEMBERING OUR FALLEN FIRE FIGHTERS

by Scott Mellott, Retired

The 2007 Annual Memorial Service was held on the usual third Saturday in March. This year marked the 7th time it has been held at the Memorial Garden located on the grounds of The Houston Firefighters' Relief and Retirement Fund. The Memorial Service competes with two major events, that would be St. Patrick's Day and The Houston Livestock Show and Rodeo.

The attendance was acceptable, the weather was exceptional, there was an addition of new LODD Memorial Helmets, and with the help of all the great volunteers, the total of all the above equaled to the 2007 Service being a huge success.

The Memorial Service has slowly improved and grown over the last several years. One of the major improvements was the use of name tags for the attendees. Red for Line-of-Duty family members and gray for those who have a loved one or a friend on the memorial wall. These tags have the name of the Fire Fighter on it. This helps the volunteers and it also helps the families identify each other.

Now to the Memorial Service Helmets. In the past, a generic helmet was used for each Fire Fighter. When the helmet was walked to the Memorial Wall by a Fire Fighter, he or she may not actually know who's helmet they were carrying. That has now changed. Each Memorial Service helmet is custom made for each line-of-duty Fire Fighter with the color being appropriate for their rank and their helmet front indicates where they worked. And when the Fire Fighter steps up to make the trip to the wall, all he or she has to do is look down at the helmet and on the back it will have the name of the Fire Fighter who died in the line-of-duty.

Where is this going? For the past years, there has not been much interest in the Fire Fighters out in suppression coming to the service to carry a helmet. This year the bulk of the Fire Fighters were "cadets." Cadets are ok, I guess, because maybe the guys that came this year got the spirit of the occasion and will come back next year. However, I am respectfully requesting Houston Fire Fighters to take this honor over. That would entail each station with a line-of-duty death send someone to carry the helmet of the Fallen Fire Fighter that was once assigned at their fire house.

Last year and this year we allowed Kevin Kulow's son Kyle, escorted by Kevin's Father Daniel, the honor of carrying his dad's helmet. This year we had a request from Grady Burke's family to have his children carry his helmet. The three Burke Children, were escorted by Cindy and a uniformed Fire Fighter (friend of the family). Jay Jahnke's helmet has been carried for the last three Memorial Services by a family member.

When this issue of the "Houston Fire Fighter" arrives at Fire Fighter's homes, I will be taking requests for anyone who wants to carry a specific helmet during the 2008 Memorial Service. I feel that

in order to enhance the meaning of the service each helmet representing the LODD Fire Fighter should be carried by someone who has some kind of attachment to that Fire Fighter.

Below is a list of each Fire Fighter and his or her assignment at the time of their death. If a name is absent from the list that means a family member has been assigned to that Fire Fighter.

Don't forget to sign up for the "Secret List." This is an email newsletter from Chief Billy Goldfeder (no email junk, and he does not give out your address, I promise!) that will give you line-of-duty death information from around the country. The newsletter will also give you insight on many safety issues facing this country's fire service. MEMORIAL WEB SITE:

www.houstonfirememorial.org

Please visit my personal website, the Fire Fighter Memorial Website. It contains listings of Houston's line-of-duty Fire Fighters from when the department went paid in 1895 to 2004. We also list as many Houston Fire Fighters (that can be found through research) that are now deceased, from 1895 to present. We have added, because of 911, all the Fire Fighters who died on September 11th and have added a link to FDNY's line-of-duty deaths from 1865 to 2004.
