

REMEMBERING OUR FALLEN FIRE FIGHTERS

by Scott Mellott, Retired

Many years ago, a young man entered the Houston Fire Fighters Academy with great hopes and motivation. He graduated this academy at the age of 20. It was 1980 when he began his journey helping the citizens of Houston. The miracle of this beginning also includes the story of a great friendship, a great bond between our brother Joe and the Fire Fighter Brothers at Stations 26, 36 and Station 71, as well as all the other fire stations in the City of Houston where our brother served. It is with great pride and honor that we write this tribute because it allows my family and me to share about Joe's bond with his HFD Brothers.

Jose S. Mendoza was his formal name, but he did not go by Jose, he wanted everyone to call him "Joe." He devoted his life to his job and more importantly to helping other Fire Fighters beginning their careers. He shared his experience and knowledge for the job without hesitation. Mentoring young Fire Fighters was his calling.

Our brother gave of himself wholeheartedly to his HFD family. He had a great passion for his job and served with great honor. One thing that comes to mind was the manner in which he treated everyone. He was always so respectful even to those he did not know. It could have been someone he was helping on the job or even just a convenience store clerk; he was always kind and respectful and shared his beautiful smile generously with any person he came in contact with. That is what I will keep close to my heart about my big brother.

Joe was a private man and he always had God in his heart. He lived the way God wants us to live with honor, integrity, forgiveness, and love. He was always willing to help anyone at any time.

One thing we were told about my brother Joe was his persistence in always riding 1st line on the pumper. He always wanted to be the first to fight fires. It was just understood and respected that no one would take his "seat," however, if there was a rookie that accidentally tried to sit in his spot, all it took was that intense look (I remember that look from when we were kids). I guess God needed a good man on 1st line in Heaven and Joe will be looking out for all of you guys from there.

Joe was an amazing person, a kind person, a giving person. He loved his job and his HFD family. You guys were his anchor; you guys were always there...when no one else was. I am forever changed having witnessed this bond of friendship and it is with great appreciation and with all the love and respect we have to say THANK YOU from the bottom of our hearts. We thank God for the blessing of you, his HFD family.

The words from his HFD Brothers are a testament of his dedication to his job as well as to the great friendships that he had with all those who were able to work with him.

Mendoza Family

★ ★ ★

I normally introduce my guest writer at the beginning of this column. This month is an exception. The above was written by Joe Mendoza's Sister, Mary, one of Joe's five siblings. Joe lost the battle for his life October 16, 2007 after fighting his illness for several years. During his time in hospitals, the family came up with the idea of leaving a journal next to Joe's hospital bed for his visitors to sign, so the family could have some idea of who his visitors were. However his

*Joe Mendoza -
HFD March 1981
to October 2007*

Fire Fighter visitors did not just "sign in", they expressed their feeling about the impact that Joe's life made on their own life. The following were a small part of the many journal entries that the family picked out to share with you. So read on...

"Joe, you are truly what a Fire Fighter is suppose to be: a friend, a leader, a role model, but most of all my brother. I will never forget your famous words to me: "Don't complain about the stuff you have to do at the station, that's the easy stuff, the hard stuff is out on the streets fighting fires."
Robert Ramirez 26/D.

"I am always indebted to you for showing us young guys how to be a better person and better Fire Fighter. I will never forget you and will always hold you in a special place in my heart. Thanks for being the best and thanks for everything you taught me."

Edward Escamilla, 26/D.

"I am grateful to have worked with you at Station 26, you taught me things I would have not known otherwise, thank you so much."

Aaron Sedlar, 52/A.

"Thank you for being a good Fire Fighter and even better friend and person. Joe you will never be forgotten even though I didn't work with you very long, the times together, I did learn a lot. I will see you later in heaven with all our other Brothers and Sisters."

Eddie Perez, 36/D.

"Joe, thank you for sharing all of your knowledge and all of your help guiding me through my first year and a half in HFD. Thanks for all the talks about life in general and all those late night Seinfeld episodes."

Greg Olmstead, 26/D.

"Thank you for always being willing to help us at M/29 when no one else would. Thank you for being a friend and HFD brother."

Adrian Trevino, M/29.

"Man, it seems like yesterday, I was a rookie at 35's and we were talking about how our stations were being competitive on who would get there first, first to put the fire out and be the first to go home. Brother, I know you are headed to God's Station now and I will truly miss you and all the times we talked. It could have been about anything. Just to let you know, I always looked up and respected the way you did your job and lived your life. No regrets brother. Watch over all of us Bro!"

Charlie Salazar, 35/B, 70/D.

"You are a very dear friend of mine. You will be missed. I enjoyed working with you and will see you in the future,"

Willie, 26.

"Hey Joe, I always gave everyone a station nickname and every once in awhile when you would visit with us at 40s, your title was "Smokin Joe" that's what is gonna stay with me until we meet again old friend, until then old friend."

Mario Chavez, 40/D.

Remembering To Never Forget

LUKE CANALITO

*Served HFD 1952 to 1974
Died November 16, 2007*

GEORGE ANTHONY JAMAIL

*Served HFD 1970 to 2004
Died November 8, 2007*

JOSE "JOE" SALVADOR MENDOZA

*Served HFD 1981 to 2007
Died October 16, 2007*

HILLARY DARNELL EVANS

*Served HFD 1981 to 2007
Died September 16, 2007*

Celebrating 75 Years

1932 to 2007

Houston Professional Fire Fighter's Association, Local 341

As some of you may already know, this publication will be doing a two page picture spread each month for the year 2007. We will focus on the faces of our past and the present membership to celebrate Local 341's 75th year.

Scott Mellott

The pictures on this page were taken by Houston Fire Fighter J. D. Robinson. The location was Texas City, Texas, during what is now referred to as the Texas City Disaster which began when a ship caught fire and exploded. The top picture shows Monstanto Chemical Plant on fire and the bottom picture shows some of the damage to the town of Texas City. The bottom picture also shows some of the men and equipment that were sent by the Houston Fire Department.
